

How to install:

Put files "**REBUS_Elunits.pbo**" and "**REBUS_Elweapons.pbo**" in your Addons directory. You need to install "**Extended_Init_EH_1.1**" that you can find inside RAR too.

CREDITS:

This addon is good because various persons have done a great job in cooperation! A big "THANK YOU" to **AimPoint** for his normal maps and organization job! Really professional addon maker! A big "THANK YOU" to **Arremba San Zorzo** that is doing a great job on Italian stuff and he made fantastic Beretta's rifles and another big "THANK YOU" to **Robert Hammer** that has equipped these Italian soldiers with cool West weapons from CS.
